| Name:   | Catherine Weatherhead (O'Donnell)  |
| Age:  | 40   |
| My favourite memory from my time at St. Joseph's... | All of my memories of St Joseph's are good ones. I remember the school shows and coming 2nd in a dance competition.<br>Playing on the long bench and hole in the wall in the playground.<br>Walking up and down the hill to infants.<br>Not being allowed to use the wooden stairs but I used to sneakily run up and down them when I thought I wouldn't get caught but often did!<br>I remember being upset that we never got to use the showers that were built just as we were leaving for high school. |
| My message for the children at St. Joseph's now...  | Enjoy every moment!<br>Time flies and although sometimes things seem stressful and hard you will look back as I do and cherish the memories.<br>Be good, use manners. Try your hardest and that's all that matters.  |
| What did I become?                                  | A Phlebotomist (blood nurse).  |
