

Kate Lancaster

Art expert and business owner!

Name:	Kate Lancaster
Age:	40
My favourite memory from my time at St. Joseph's...	Some of my best years were spent at St Joseph's. Loved skittleball matches and the residential trip to the Lake District. Miss Reid and Miss Wallace were the best teachers and made my last years at the school very memorable.
My message for the children at St. Joseph's now...	Work hard and push yourself to get what you want out of life. Things don't always go the way you plan, but you should always try to make the best of what you have. Take pride in yourself, and whatever you do.
What did I become?	I have a BA honours in Fine Art. I have made jewellery and crafts to sell over the years. I had a cleaning and gardening business for over 10 years, and now work with adults with learning disabilities.
