My favourite memory from my time at St. Joseph's...	<p>There is so many memories of St Joseph's school because it was the best school for me especially as I am deaf. The teachers made sure I was settled and understood everything, and I had lots of friends there.</p> <p>I loved the reception class with milk time. Sport days were my best part. I remember in the juniors me and my friends used to wind the boys up when they were playing football. The school is amazing, and it helped me lots to get through to high school.</p>
My message for the children at St. Joseph's now...	<p>When people who went there tell you that you will have the best time there, believe it because you will and if anyone who has a hearing problem thinks they may struggle believe me you won't.</p>
What did I become?	<p>I wanted to be child-care worker and I am a qualified Nursery Nurse and also a level 3 teaching assistant and looking for jobs especially at my old school. I also wanted to learn sign language to help deaf children. I am a level 2 British Sign Language Signer.</p>
