

Autumn 2: Learning in ...

English

The first unit we will look at is based on a short film called 'The Piano.' From this we will be writing in different styles to look at characterisation and finish with a story with a flashback. We will move on to poetry linked to Remembrance Day to then looking at persuasive texts.

Year 6

Science

Science will see us look at living things and their habitats.

This is to move on from learning how animals have adapted to their environment and how they survive to how species of animals are classified and who sorted the animal kingdom into different categories based on their characteristics. This also includes plants.

We will finish by looking at micro-organisms and investigate helpful and harmful ones.

Geography

We will be looking at the human and physical geography of North and South America, moving on to a research study on the city of Mexico, which links to our learning we have done on the Maya.

Maths

Maths will see us start with fractions and carry on for a few weeks. This will then move on to measurements, looking at conversions, time area and capacity.

Computing

Year 6 will continue with online safety and then move on to learning about and using spreadsheets.

PSHE

This half term is linked to 'God's love in creating new life.' We will be learning about how the human body changes to prepare for adulthood and how babies are made to continue the human life cycle. This will be taught with Mrs Lee helping out.

Art and DT

In art we will be looking at Christmas crafts and creating pieces for the church

We will be looking into the foods of North and South America, specifically Mexico in DT.

P.E

This half term will see us continue with swimming and have lessons delivered by Mr Lofthouse from OLCC.

German

Year 6 have loved German so far.

We will be learning the days and months of the year and continue to say numbers up to 100. This will help us say when our birthday is.

R.E

Advent – expectations

Year 6 will be finishing off the unit on Vocation and Commitment; learning about how God has given us all a vocation in life and how we can use this to live in God's way.

We will then finish off the year by learning about advent and the expectations given to us at this time.

We will also be back in church attending Mass with our new Father.

Music

All learning is based on the theme 'Classroom Jazz 2'

The children will be learning to improve their singing and rhythmic skills during this time.
