

# Spring 1: Learning in Year 6

## English

In English we will be looking at stories with an historical setting, using our knowledge of the Victorians to write a story and then we will be moving on to learning about Autobiographies and biographies. Our SATs preparations will also begin.

## History and Geography

We will be going back to the Victorian era and learning all about Queen Victoria and the Industrial Revolution. We will be learning about significant people within this time and how they have shaped the way we live today.

## Art and DT

At the end of the half term will be using our knowledge and skills on electricity and our history knowledge of Victorian holidays to create an electrical fairground ride.

## Music

Our music will see us learn through the topic of 'A new year carol.' We will be singing and performing in our lessons.

## Supporting your child with their learning

- Practise timetables with inverse calculations too
- Get your child to read every night – this really does help
- Provide a quiet space to complete homework and help where you can
- Maths related – help your child tell the time.

## Maths

We will be looking at measures, algebra, coordinates and start our SATS revision programme.

## P.E

We will be looking at the area of Gymnastics this half term.

## German

We have been loving learning German! Spring term will see us learning about animals and the pets we have at home.

## Science

Science will see us look at electricity! We will be looking into different types of circuits and why we have them.

We will be looking into the scientific diagrams for circuits and drawing them.

We will also be researching into key scientists whose discoveries have been instrumental in how we use electricity today.

Our investigation will tell us if the wires used in a circuit make a difference to the brightness of a bulb.

## Computing

Spring term sees us looking at blogging and presenting texts.

## PSHE

We will be looking at a new scheme which focuses on careers and aspirations. We have teamed up with 'Positive Footsteps' who have created this programme for Yr 6 children. I am looking forward to completing this with the children.

## R.E

Year 6 will be looking into the experience of community as an essential and enjoyable part of life for people of every age and faith. We will also be linking, remembering, celebrating and responding to the experience of a wide variety of books and purpose for which they were written and the Bible as the story of God's love told by the people of God.
