

Summer 1: Learning in Year 4

English

In English, we will read the novel 'Fox', which will focus on Issues and Dilemmas. We will write our own sequel to the story and illustrate it to make a book. Our next unit will be poetry and we will learn to recite a poem by Michael Rosen.

Supporting your child with their learning

- By completing weekly learning logs
- By reading with them every night and asking questions
- By practising 1-12 times tables and division facts

Science

In Science, Year 4 will learn about materials and their properties. We will group different materials and learn about their states of matter. This will link to our Geography as we will learn about water cycle and how to safe water.

Geography

In Geography, we will learn about rivers and the water cycle. We will locate rivers in the UK and explore how they are used. We will also recreate the course of a river.

Maths

Maths will see us work on measurements and how to calculate different lengths and weights. We will also use our multiplication knowledge to work out areas of shapes and improve our understanding of place value.

Computing

Year 4 will work on their word processing skills, which will include working with spreadsheets and creating PowerPoint presentations.

Art

In Art, we will look at printing using different media. This will include everyday objects such as leaves and rocks. We will also sketch our own printing stamp and use them to create different patterns.

P.E

We will continue with swimming lessons in Summer 1. We will also start to work on our Athletics skills outside.

PSHE

In PSHE, we will learn about how everyone is different and how created us all with different attributes. We will learn to understand differences and to celebrate each other's. Our work will also include finding similarities with each other to show how much we are alike.

Music

Our next Music unit will follow the song 'Blackbird' by the Beatles. We will sing and play the song using instruments.

German

In German, we will recognise and learn German names for fruit and vegetables. We will also improve our speaking skills by ordering different food.

R.E

Our first RE unit will be Universal Church, where we will work around different people that made our world special. We will learn about different saints and how ordinary people did extraordinary things to help others.

Next, we will enter the festival of Pentecost and read stories from the Bible on what happened.
